

Variation Of adoLesCent inguinAl herNia Operations

Paediatric Surgical Trainees  
Research Network

## Survey of Participating Centres

To contextualise the results of this study a one-time survey should be completed by each site.

<b>Hospital name</b> <i>Example: The Rainbow Hospital</i>	
<b>Site lead for the study</b> <i>Example: John Smith</i>	
<b>Site lead for the study email address</b> <i>Example: john.smith@nhs.net</i>	
<b>Name and email address of other data collectors</b> <i>Example: Jane Smith, jane.smith@nhs.net</i>	
<b>Number of surgeons performing repair of adolescent inguinal hernias at your centre</b> <i>Example: 6</i>	
<b>Are adolescents (age 10-19yrs) typically treated under paediatric or adult pathways</b> <i>Example: Paediatric pathway until age 15, Adult pathway age 16-19</i>	
<b>Number of inguinal hernia operations of all ages from 0-19yrs performed during study period (1<sup>st</sup> August 2019-1<sup>st</sup> August 2024)</b> <i>Example: 129 operations in total with 121 unique patients and 8 who had further repairs</i>	

Thank you for completing the survey of participating centres. Please return this completed form labelled as 'Survey of Participating Centres – Hospital name' to [phoebe.cope@nhs.net](mailto:phoebe.cope@nhs.net).

Any questions regarding participation or data collection please contact Sajeed on [sajeed.ali4@nhs](mailto:sajeed.ali4@nhs) or Phoebe on [phoebe.cope@nhs.net](mailto:phoebe.cope@nhs.net).

Thank you for participating in this PSTRN study, we look forward to sharing the results with you!

Yours faithfully,

Sajeed and Phoebe
